**Title:**

Produce vegetable minnows in water, for sale.也将此程序...

**Details:**

- Use appropriate methods for growing plants.
- Ensure the water quality is maintained.

**Procedure:**

1. **Setup:**
   - Prepare the planting area.
   - Ensure the water is clean and suitable for minnows.

2. **Planting:**
   - Plant the minnows in the prepared area.
   - Ensure the planting is done correctly.

3. **Maintenance:**
   - Regularly check the water quality.
   - Monitor the minnows for any signs of stress.

4. **Harvest:**
   - Collect the minnows as needed.
   - Ensure the harvesting is done humanely.

**Notes:**

- Follow local regulations for water quality.
- Ensure the minnows are of high quality.
